EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

ITEM NO. 4 – REGULARISATION OF MR. SARVESH GILADA (DIN: 08968185) AS A DIRECTOR

Mr. Sarvesh Gilada (DIN: 08968185) was appointed as an Additional Director of the Company by the Board of Directors at its meeting held on 14th November, 2025, pursuant to the provisions of Section 161(1) of the Companies Act, 2013. He holds office as an Additional Director up to the date of the ensuing Annual General Meeting.

The Company has received the requisite consent and disclosures from Mr. Sarvesh Gilada for his appointment as a Director of the Company. He is eligible for appointment as a Director and has given his consent to act as a Director of the Company.

The Board of Directors, based on the recommendation of the appropriate committee, wherever applicable, considers that his continued association with the Company as a Director would be beneficial to the Company and accordingly recommends his appointment as a Director, liable to retire by rotation, for approval of the Members.

Except Mr. Sarvesh Gilada, none of the Directors, Key Managerial Personnel of the Company or their relatives is concerned or interested, financially or otherwise, in the proposed resolution.

The Board recommends the Ordinary Resolution set out at Item No. 4 for approval of the Members.

ITEM No.5: To Approve an Increase in the Authorised Share Capital of the Company and Make consequent Alteration in Clause V of the Memorandum of Association of the Company:

In order to broad base capital structure of the Company and to enable the Company to issue further shares, it is proposed to increase the Authorised Share Capital of the Company from its existing Authorised Share Capital of ₹10,00,00,000/- (Rupees Ten Crores only) divided

into 2,00,00,000 (Two Crores) Equity Shares of ₹5/- (Rupees Five only) each to ₹30,00,00,000/- (Rupees Thirty Crores only) divided into 6,00,00,000 (Six Crores) Equity Shares of ₹5/- (Rupees Five only) each, by creation of 4,00,00,000 (Four Crores) new Equity Shares of ₹5/- (Rupees Five only) each, ranking pari passu in all respects with the existing Equity Shares of the Company as per the Memorandum and Articles of Association of the Company.

As a consequence of the increase in the Authorised Share Capital of the Company, the existing Authorised Share Capital Clause (Clause V) in the Memorandum of Association of the Company is required to be altered accordingly.

Pursuant to the provisions of Sections 13, 61, and 64 and other applicable provisions of the Act and subject to applicable statutory and regulatory approvals, increase in Authorized Share Capital and Alteration in the Capital Clause of the Memorandum of Association, requires approval of the Members and any other applicable statutory and regulatory approvals.

Subject to the approval of the Shareholders of the Company, the Board of Directors at their Meeting had approved the increase in Authorised Share Capital and amendment in the Capital Clause of Memorandum of Association (MOA) of the Company.

A draft copy of the amended Memorandum of Association is available for inspection by the Members of the Company electronically during the normal business hours on any working day of the Company, up to the date of the General Meeting and also has been placed on the website of the Company for the Members' Inspection.

The Board of Directors recommends the resolution as set out in Item No. 5 of the accompanying notice for the approval of the Shareholders of the Company as an Ordinary Resolution.

None of the Directors and/or Key Managerial Personnel of the Company and/or their respective relatives is in any way concerned or interested, financial or otherwise, in the said resolution except to the extent of their shareholding in the Company, if any.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

MACRO ECONOMIC OVERVIEW

The global economy in FY 2025-26 is expected to grow at 3.1% which is moderate due to geopolitical disruptions amid escalating middle east escalations and tensions which has a bearing on the global energy markets. The inflation which has gone up due to peaking of global interest rates in the current scenario is expected to gradually come down in FY 2026-27. The emerging markets and developing economies are expected to grow at a better rate as compared to developed economies. The IMF has predicted a dismal 2% global growth rate in a worst case scenario. Key downside risks are trade disputes, widening fiscal deficits and raising public debts.

Global interest rates have peaked in the current monetary policy tightening cycle, though macroeconomic conditions remain too fragile and uncertain for a definite view on growth and inflation conditions going forward. Global economy faces multiple challenges, including prospects of slowing growth, large public debt, increasing economic fragmentation, and prolonging geopolitical conflicts. Less-supportive fiscal policies from countries, Cyber risk and climate-related risk are also factors affecting business. Global growth has stabilized towards the end of the year but the improvement is fragile.

The GDP growth rate of India is very much higher as compared to the global average of 3.1 percent. Real GDP growth in India was 7.6 percent in FY 2025-26, up from 7 percent in FY 2022-23, according to the Second Advanced Estimate by the Central Statistical Organization. This growth was driven by a 10 percent increase in capital formation (Capex), led by high public sector investment. Non-agricultural growth was strong, with industry growing by 9 percent and services by 7.5 percent.

Inflation remained at 3.4 percent in FY 2025-26, within the Reserve Bank of India's 6 percent upper limit. Core inflation was decreasing throughout FY 2025-26 but rose in the last two months, mainly due to services.

INDUSTRY OVERVIEW

The NBFC sector continued its growth trajectory, contributing significantly to the Indian financial system. Regulatory measures by the Reserve Bank of India (RBI) focused on strengthening the sector's resilience and ensuring transparency and accountability. Key developments included the implementation of stricter asset classification norms, enhanced capital adequacy requirements, and increased emphasis on digital transformation.

NBFCs have emerged as the crucial source of finance for a large segment of the population, including SMEs and economically unserved and underserved people. They have managed to cater to the diverse needs of the borrowers in the fastest and most efficient manner, considering their vast geographical scope, understanding of the various financial requirements of the people and extremely fast turnaround times. Nonbank money lenders have played an important role in the financial inclusion process by supporting the growth of millions of MSMEs and independently employing people.

The sector has grown significantly, with a number of players with heterogeneous business models starting operations. The last few years have seen a transformation in the Indian financial services landscape. The increasing penetration of neo-banking, digital authentication, rise of UPI and mobile phone usage as well as mobile internet has resulted in the modularization of financial services, particularly credit.

KEY SEGMENTS

The sustained credit growth in India's retail market has been creating opportunities for the NBFC sector. As of Financial year 2025-26, India's retail credit registered CAGR of 15% to 19% between FY 2019 to FY 2026. In Financial year 2026 alone, the Retail sector grew by 19% propelled by robust demand in key segments such as auto loans, housing loans, credit cards, personal loans and SME loans. India's consumer lending and retail credit market is projected to grow at a compound annual growth rate (CAGR) of roughly 7.4% from 2025 to reach \$1 trillion by 2029. This has been presenting great opportunities for NBFCs to diversify funding avenues and attracting new set of investors. Increased retail participation coupled with sectoral tailwinds, is expected to drive momentum in areas including gold loans, micro loans, consumer durable financing and education loans.

In terms of asset size-wise mix, housing loans and infrastructure loans continue to account for a major chunk of the overall NBFC portfolio. Microfinance loans have increased their share from approximately 3 per cent to 4 per cent between FY20 and FY26. Housing and infrastructure loans are expected to maintain their share in overall NBFC credit. In addition, auto loans, personal loans, MSME loans and microfinance loans are expected to perform better as compared to other segments in FY26-27.

THE COMPANY

The Company is a prominent NBFC in the retail finance industry in India. The regulatory framework for NBFCs to introduce scale based regulation came into effect from October 01, 2022. Under the new framework, NBFCs are placed in one of the four layers viz., Base Layer (BL), Middle Layer (ML), Upper Layer (UL) and a possible Top Layer (TL) based on their size, activity, and

perceived risks. The new framework tightens regulatory oversight of the sector with stringent norms for the Upper layers. The Company has been classified as Base Layer under Scale Based Regulatory Framework for NBFCs as per the list issued by RBI. The Company is on schedule in implementing the applicable guidelines and regulatory framework. The Company continues to concentrate on lending to MSMEs and in particular the secured loan segment where the collection efficiency is better. It also aims at improving the business volumes of Vehicle loans, Unsecured SME Business, loans against landed properties.

Key Highlights for FY 2025-26

- Assets under management (AUM): increased from Rs. 29.68 Crore to 32.35 Crores
- Total income: increased from Rs. 7.10 Crores to 7.43 Crores.
- Net interest income (NII): increased from Rs.5.13 Crores to Rs.5.43 Crores.
- Operating expenses to NII stood at 55%.
- Impairment on financial assets reduced from Rs. 6.98 Lakhs to 6.20 Lakhs
- Profit before tax (PBT): increased from Rs.2.89 Crores to 2.93 Crores.
- Profit after tax (PAT): increased from Rs.2.13 Crores to 2.17 Crores.
- Gross NPA stood as 6.42% and Net NPA stood as 5.56%
- Capital adequacy ratio as of 31 March 2026 is 59.33%, which is well above the RBI norm of 15%. Tier I capital adequacy is 52.00%.

RISK MANAGEMENT

As a NBFC, GFIL is exposed to credit, liquidity, operational, market and interest rate risk. It continues to invest in talent, processes, and emerging technologies to build advanced risk management capabilities. The Company's sustained efforts to strengthen its risk framework have resulted in stable risk metrics.

The Company promotes a strong risk culture that is embedded across the organisation. At the highest level, the Board of Directors has established a Risk Management Committee (RMC), which assists the Board in maintaining oversight and review of the risk management principles and policies, strategies, risk appetite, processes, and controls. This is enabled by a robust governance system and review mechanisms. GFIL's risk framework has ensured that, despite the risks, its net interest income, NPAs and liquidity management were not impacted.

Moreover, the Company has a robust asset-liability management framework and maintains enough liquidity buffer to meet its repayment obligation and emerging credit demand. By virtue of effective focus on capital and liquidity

management, reduction in operating expenses, focus on debt management, servicing capability and strengthening of underwriting norms combined with a very sharp view on risk metrics, the Company ought to continue to show higher level of efficiencies in all parameters.

SWOT Analysis

Strengths

- A unique relationship-based business model with extensive experience and expertise in credit appraisal and collection process.
- Well-defined and scalable organizational structure based on product, territory and process knowledge
- Technology platform integrated across process as well as for onboarding customers
- Consistent financial track record with rapid growth in AUMs
- Robust financial management with balanced ALMs and lower NPAs
- Experienced senior management team
- Strong relationships with public, private banks, institutions and investors
- Target niche segments and underserved populations that banks may overlook, such as small businesses and low-income individuals.

Weakness:

- Business and growth are directly linked with the GDP growth of the country.
- The Company's customers, MSMEs, are more vulnerable to the negative effects of economic downturns.
- Higher exposure to unsecured loans can lead to higher default rates, impacting the financial health of the organization.

Opportunities:

- Increasing Government regulations and tightening of norms to restrict competition and deter the entry of unorganized players, thus benefiting the leaders in the industry
- Increasing geographical reach and a higher customer base create opportunities to penetrate further into the hinterland
- Increasing disposable income, change in consumption pattern and shift in mindset to spend bringing in higher demand for consumer loans
- Government initiatives to increase spending in the MSME segment to increase start-up businesses and thus demand MSME loans
- India's financial inclusion is still at a nascent stage, providing an opportunity for NBFCs to fill the gap and reach the unbanked and underbanked population
- NBFCs have opportunity to provide financing solutions to MSMEs, which have traditionally struggled to access credit from banks

- Growth in the commercial vehicle, passenger vehicle and tractors market, presents opportunities for financing.
- Meeting working capital needs of the customers in the commercial vehicle eco-system
- Higher budgetary allocation by the Government to boost the infrastructure sector, involving the construction of roads, new airports, ports, etc., creates a huge demand for commercial vehicles

Threats:

- Competition from captive finance companies, small banks, Fin Techs and new entrants
- Inadequate availability of bank finance and an upsurge in borrowing costs
- External risks associated with liquidity stress, political uncertainties, fiscal slippage concerns, etc.
- Increasing competition from global and local competitors in terms of product development and technology innovations, leaving very thin margins of error
- Regulatory and compliance-related changes in the sector affecting NBFCs

SEGMENT-WISE PERFORMANCE

INDEPENDENT AUDITOR'S REPORT TO SHAREHOLDERS

To the Members of GILADA FINANCE & INVESTMENTS LIMITED

Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of “GILADA FINANCE & INVESTMENTS LIMITED”, which comprise the Balance Sheet as at March 31, 2026, the Statement of Profit & Loss including comprehensive income, the statement of changes in equity and the Statement of Cash Flow for the year then ended and a notes to financial statement including summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the companies Act 2013, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the company as at 31st March 2026, and its profit, the changes in equity and cash flows for the year ended as on that date.

Basis For Opinion

We conducted our audit in accordance with the standards on auditing specified under section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information other than the financial statements and auditors' report thereon

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including

Annexures to Board's Report, Business Responsibility Report but does not include the standalone financial statements and our auditor's report thereon.

The Board's Report is expected to be made available to us after the date of this Auditors Report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read Board's Report, If we conclude that there is a material misstatement of this other information; we are required to communicate the matter to those charged with governance.

Responsibilities of Management and those charged with Governance for the Financial Statements:

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 with respect to the preparation of these financial statements that give a true and fair view of the financial position and financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian accounting standards (Ind AS) specified under section 133 of the Act, read with Companies (Ind AS) Rules, 2015 & 2016 & amendments if any. This responsibility includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors is also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a

whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

- Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.
- We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the companies Act, we give in the Annexure - A statement on the matters specified in paragraphs 3 and 4 of the Order.

GILADA FINANCE AND INVESTMENTS LIMITED
ANNEXURE -B TO THE AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the Internal Financial controls with reference to financial statements over financial reporting of Gilada Finance & Investments Ltd as of 31st March, 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of fraud

s and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of the Management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of Internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential component of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accounts of India.

SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS (AMOUNT IN RS.)

A. SIGNIFICANT ACCOUNTING POLICIES

1. Corporate Information:

Gilada Finance & Investments Limited is a public Company incorporated in India under the provisions of the erstwhile Companies Act, 1956 on 26/07/1994. Its shares are listed on Bombay Stock Exchange. The Company is Non-Banking Financial Company (Non deposit taking) which is registered with Reserve Bank of India (RBI). The Company engaged in the business of lending and primarily deals in vehicle financing, small business loans and mortgage loans.

Company is registered as Non-Banking Financial Company (NBFC) and is adhering the regulatory and disclosure standards as applicable to NBFC-BL (Earlier NBFC-ND-NSIs). The financial statements are prepared in accordance with Indian Accounting Standards (Ind AS).

2. Accounting Policies:

1. Basis of preparation:

These financial statements of the Company have been prepared in accordance with the Indian Accounting Standards as per the Companies Rules 2015 as amended and notified under section 133 of the Companies Act, 2013 (the Act), in conformity with the accounting principles generally accepted in India and other relevant provisions of the Act. Any application guidance / clarifications / directions issued by RBI or other regulators are implemented as and when they are issued / applicable.

2. Basis of Measurement:

The financial statements have been prepared on the historical cost basis.

3. Use of Estimates:

The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent liabilities on the date of the financial statements and reported amounts of revenues and expenses during the period reported. Actual results could differ from those estimates. Any revision to accounting estimates is recognized in accordance with the requirements of the respective accounting standard.

The key assumptions concerning the future and other key sources of estimation of uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based on its assumptions and estimates & on parameters available when the financial statements were issued, existing circumstances and assumptions about future developments, however, may change due to circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur. Areas that involved a higher degree of estimate and judgment or complexity in determining the carrying amount of some assets and liabilities are mentioned below.

a. Effective Interest Rate Method (EIR):

The Company recognizes interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected life of the loans given / taken. This estimation, by nature, requires an element of judgment regarding the expected behavior and life cycle of the instruments, as well as expected changes to other fee income / expense that are integral parts of the instrument.

b. Impairment of Financial Assets:

The measurement of impairment losses on Loan assets & Investments Assets and commitments, requires judgment, in estimating the amount and timing of future cash flows and recoverability of collateral values while determining the impairment losses and assessing a significant increase in credit risk.

The Company's Expected Credit Loss (ECL) calculation is the output of a complex model with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL model that are considered accounting judgments and estimates include:

- The Company's criteria for assessing if there has been a significant increase in credit risk.
- The segmentation of financial assets when their ECL is assessed on a collective basis.
- Development of ECL model, including the various formula and the choice of inputs.
- It is company's policy to regularly review its model in the context of actual loss experience and adjust when necessary.

c. Provisions and other contingent liabilities:

The reliable measure of estimates and judgments pertaining to litigations and the regulatory proceedings in the ordinary course of the Company's business are disclosed as contingent liabilities.

Estimates and judgments are constantly evaluated and are based on historical experience and other factors, including expectations of future events, that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

4. Revenue Recognition:

a. Interest Income on Loans:

Interest income is recognized in Statement of profit and loss using the effective interest method for all loans and financial instruments measured at amortized cost. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument.

The calculation of the effective interest rate includes transaction costs and fees that are an integral part of the contract. Transaction costs include incremental costs that are directly attributable to the acquisition of financial asset.

The Company calculates interest income by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets. When a financial asset becomes credit-impaired, the Company calculates interest income by applying the effective interest rate to the net amortized cost of the financial asset, If the financial asset cures and is no longer credit-impaired, the Company reverts to calculating interest income on a gross basis.

b. Fee and Commission Income:

Fee based income are recognized when they become measurable and when it is probable to expect their ultimate collection. Commission and brokerage income earned for the services rendered are recognized as and when they are due.

c. Income on Investments:

Income from investments is recognized when it is certain that the economic benefits will flow to the Company and the amount of Income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable. Dividend Income and or Capital gain or loss is accounted on receipt basis.

d) Investments:

(a) The Company changed its accounting policy in respect of Investment in property during financial year 2011-12. Investment in Capital Asset (i.e Land at Kalburagi in Karnataka) revalued and held as stock in trade effective 31st March, 2012, on the basis of valuation report given by approved valuer. This change in accounting policy resulted into creation of revaluation reserve to the extent of Rs.381/58 lakhs in FY 2011-12, which is carried forward.

Land at Kalburagi is again revalued on 25/03/2024 for Rs.3,85,00,000/- by general registered valuer.

(b) Long term unquoted investments in shares are stated at cost & provision for diminution in the value of Long-Term Investments is made only if, such decline is other than temporary, in the opinion of the management.

(c) Investment in Land & Building at Vijayapura in Karnataka, acquired against partial settlement of dues from commission agent at Vijayapura is treated as long term investment and stated at cost.

The valuation of Investment in property at Vijayapura is still under process by general registered valuer for Rs.13,37,000/-.

4. Property, Plant & Equipment:

Property, Plant and Equipment are stated at cost of acquisition including incidental expenses, less accumulated depreciation and accumulated impairment loss, if any, all costs directly attributable to bringing the asset to the working condition for its intended use including financing costs are also capitalized.

Depreciation is provided on WDV method on the basis of useful life given under Schedule II to the Companies Act, 2013 are as under:

a. Office Equipments	: 5
b. Computer Hardware	: 3
c. Furniture & Fixtures	: 10
d. Vehicles	: 10
e. Computer Software	: 6

Property, Plant & Equipment is derecognized on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset is recognized in other income / netted off from any loss on disposal in the Statement of profit and loss in the year the asset is derecognized.

5. Intangible Assets:

Intangible Assets are stated at cost less accumulated amortization and accumulated impairment loss, if any. Intangible assets comprise of computer software which is amortized over the estimated useful life. The amortization period is lower of license period or 6 years which is based on management's estimates of useful life. Amortization is calculated using the written down value method to write down the cost of intangible assets over their estimated useful lives.

6. Financial Instruments:

a. Recognition and Initial measurement:

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities of FVTPL) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognized immediately in Statement of profit and loss.

b. Classification and Subsequent measurement of financial assets:

On initial recognition, a financial asset is classified as measured at

- Amortized cost
- FVOCI – debt instruments (Fair value comprehensive Income)
- FVOCI – equity instruments (Fair value comprehensive Income)
- FVTPL Fair value through Profit & Loss A/c)

Amortized Cost:

The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios being the level at which they are managed. The financial asset is held with the objective to hold financial asset in order to collect contractual cash flows as per the contractual terms that give rise on specified dates to cash flows that are solely payment of principal and interest (SPPI) on the principal amount outstanding. Accordingly, the Company measures Bank balances, Loans, Trade receivables and other financial instruments at amortized cost.

FVOCI – debt Instruments:

The Company measures its debt instruments at FVOCI when the instrument is held within a business model, the objective of which is achieved by both collecting contractual cash flows and selling financial assets; and the contractual terms of the financial asset meet the SPPI test.

FVOCI – equity Instruments:

The Company subsequently measures all equity investments at fair value through profit or loss, unless the Company's management has elected to classify irrevocably some of its equity instruments at FVOCI, when such instruments meet the definition of Equity under Ind AS 32 Financial Instruments and are not held for trading. Financial assets are not reclassified subsequent to their initial recognition, except if and in the period of the Company changes its business model for managing financial assets. All financial assets not classified as measured at amortized cost or FVOCI are measured at FVTPL. This includes all derivative financial assets.

Subsequent measurement of financial assets:

Financial assets at amortized cost are subsequently measured at amortized cost using effective interest method. The amortized cost is reduced by impairment losses. Interest Income, foreign exchange gains and losses and impairment are recognized in statement of profit and loss. Any gain and loss on derecognition is recognized in Statement of profit and loss.

Debt investments at FVOCI are subsequently measured at fair value. Interest income under effective interest method, foreign exchange gains and losses and impairment are recognized in Statement of profit and loss. Other net gains and losses are recognized in OCI. On depreciation, gains and losses accumulated in OCI are reclassified to Statement of profit and loss.

For equity investments, the Company makes an election on an instrument-by-instrument basis to designate equity investments as measured at FVOCI. These elected investments are measured at fair value with gains and losses arising from changes in fair value recognized in other comprehensive income and accumulated in the reserves. The cumulative gain or loss is not reclassified to statement of profit and loss on disposal of the investments. These investments in equity are not held for trading. Instead, they are held for strategic purpose. Dividend income received on such equity investments are recognized in Statement of profit and loss.

Equity investments that are not designed as measured at FVOCI are designated as measured at FVTPL and subsequent changes in fair value are recognized in Statement of profit and loss.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in Statement of profit and loss.

c. Financial liabilities and equity instruments:

Classification as debt or equity:

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity Instruments:

An equity instrument is any contract that evidence a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by Company are recognized at the proceeds received. Transaction costs of an equity transaction are recognized as a deduction from equity.

Financial Liabilities:

Financial Liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading or it is a derivative or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in Statement of profit and loss. Any gain or loss on derecognition is also recognized in Statement of profit and loss.

d. De-recognition:

Financial Assets:

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognized on its balancesheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

Financial Liabilities:

A financial liability is derecognized when the obligation in respect of the liability is discharged, cancelled or expires. The difference between the carrying value of the financial liability and the consideration paid is recognized in Statement of profit and loss.

e. Impairment of Financial Instruments:

Equity instruments are not subject to impairment under Ind AS 109, on financial instruments.

The Company recognizes lifetime expected credit losses (ECL) when there has been a significant increase in credit risk since initial recognition and when the financial instrument is credit impaired. If the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month ECL. The assessment of whether lifetime ECL should be recognized is based on significant increases in the likelihood or risk of a default occurring since initial recognition. 12-month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

When determining whether credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, including on historical experience and forward-looking information.

The Company recognizes lifetime ECL for trade and other receivables. The expected credit losses on these financial assets are estimated using a provision matrix based on the Company's historical credit loss expenses, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate. Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument.

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets. For debt securities at FVOCI, the loss allowance is recognized in OCI and carrying amount of the financial asset is not reduced in the Balance Sheet.

7. Finance Costs:

Finance Costs include interest expense computed by applying the effective interest rate on respective financial instruments measured at amortized cost. Financial instruments include bank term loans, non-convertible debentures, fixed deposits mobilized, commercial papers, subordinated debts and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Finance costs are charged to the Statement of profit and loss.

8. Cash & Cash Equivalents:

Cash and Bank balances include Cash in hand, Bank Balances, Bank Deposits and Corporate deposits, if any.

9. Cash Flow Statement:

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

10. Taxes on Income:

Tax expenses comprise current tax, deferred taxes and prior period taxes.

Current income tax at the amount expected to be paid to the tax authorities in accordance with Income Tax Act.

Deferred income taxes reflect the impact of the current year timing differences between taxable income and accounting income for the year. Deferred tax is measured based on current tax rates.

11. Provisions & Contingencies:

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events, it is probable that there will be an outflow of resources and a reliable estimate can be made of the amount of the obligation. The Company does not provide for a contingent liability but discloses its existence in the financial statement.

12. Earnings per equity share:

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period after deducting preference dividends and any attributable tax thereto for the period. The weighted average number of equities shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, sub-division of shares etc., that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders is divided by the weighted average number of equity shares outstanding during the period, considered for deriving basic earnings per share and weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

13. Employee Benefits:

(a) ESI & EPF Contribution: The company had taken registration with employees' provident fund department and with employee's state Insurance department during FY 2024-25. The Management of the company is still under the process of compliance of provisions of. Four New Labour codes as notified by Central Govt, effective from November, 2025, till the date of this audit report.

(b) Provision for Retirement Benefits: Since the management of the Company does not provide any kind of post-retirement benefits to any of its employees, provision for retirement benefits is not made by the Company as required under New Labour codes and under Indian Accounting Standard -19 on Employees Benefits.

14. Impairment of Assets:

The carrying values of assets/ cash generating units at each balance sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognized, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognized for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognized in the Statement of Profit and Loss, except in case of revalued assets.

15. Repossessed Hypothecated Stock:

The repossessed stock has been valued at year end at market value & accounted in the books of accounts of the Company. The Company maintained separately a Seized Vehicles Register, recording the date of seizure of vehicle, date of release of vehicle and date of sale of Seized Vehicle & accounted profit /loss on sale of seized vehicles, wherever applicable.

14. Financial risk management objectives and policies

The company's principal financial assets/liabilities comprise loans, investments and borrowings, trade and other payables. The main purpose of these financial assets/liabilities is to finance and support company's operations. The company's principal financial assets include loans, investments, other receivables, cash and cash equivalents and refundable deposits/ Investment in property that derive directly from its operations.

The company is exposed to market risk, credit risk and liquidity risk. The company's senior management oversees the management of these risks. The Board of Directors reviews and agrees policies for managing each of these risks which are summarized below.

a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market price. Market risk comprises two types of risk. Interest rate risk & other price risk such as commodity risk. Financial instruments affected by market risk include loans & borrowings & refundable deposits. The sensitivity analysis in the following sections relate to the position as at March 31st, 2026 & March 31st 2025. The sensitivity analysis have been prepared on the basis of the amount of net debt & the ratio of fixed to floating interest rates of debt. The sensitivity of the relevant profit or loss item in the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31st 2026 & March 31st 2025.

b) Interest rate risk

Interest rate sensitivity on fixed and floating rate assets and liabilities with defining maturity profiles is measured by using the duration gap analysis. The same is computed monthly and sensitivity of the market value of equity assuming varied changes in interest rates are presented and monitored by management.

c) Credit Risk

Credit risk is the risk that the company will incur a loss because its customers fail to discharge their contractual obligations. The company has a comprehensive framework for monitoring credit quality of its all kinds of loans primarily based on days past due monitoring, at period end. Repayment by individual customers and portfolio is tracked regularly and required steps for recovery are taken through follow ups and legal recourse.

In assessing the impairment of financial loans under expected credit loss (ECL) model, the assets have been segmented into three stages. The three stages reflect the general pattern of credit deterioration of a financial instrument. The differences in accounting between stages, relate to the recognition of expected credit losses and the measurement of interest income.

The company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for trade advances. The company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the company

The table below summarises the gross carrying values and the associated allowances for expected credit loss (ECL) stage wise for loan portfolio : (Amount in Rs.)

Particulars	31/03/2026		
	Std Assets	Sub-Std Assets	Doubtful & Loss Assets
Gross carrying Value	284169465	22173730	1584181

Allowance for ECL	710688	1486567	428719
ECL Coverage Ratio	0.25%	10%	20%

15. Loans written off as Bad debts

The gross carrying amount of a financial asset is written off when there is no realistic prospect of further recovery. This is generally the case when the company determines that the debtor does not have assets or sources of income that could generate sufficient

cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subjected to enforcement activities under the company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognized in profit or loss statement.

16. Capital Management

The company's policy is to maintain a stable capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Management monitors capital on the basis of return on capital employed as well as the debt to total equity ratio. For the purpose of debt to total equity ratio, debt considered is long-term and short-term borrowings. Total equity comprise of issued share capital and all other equity reserves.

The capital structure as of March 31, 2026 and March 31, 2025 is as follows: (Amount in Rs.)

Particulars	31/03/2026	31/03/2025
